

# Project Proposal: Web Design Development I

## **Group 5:**

Dennis Moncy  
Farjana Bintay Kamal  
Karan Sapkal

# Website Theme

- ❖ The theme of our project is Tbay Destinations
- ❖ It will focus on a community of people who want to explore various places in Thunder Bay.
- ❖ It will guide people to the places they can visit based on other people's recommendations.

# Website Name

❖ The name of the website is:

**“TBay Travels”**

# Motivations

- ❖ To make travel easier for the people of Thunder bay
- ❖ To make it easier to find details about various places
- ❖ To get a review about destination
- ❖ To learn more about Thunder Bay's various beautiful locations
- ❖ To discover about varieties of restaurants nearby

# Website Definition

- ❖ Thunder Bay is regarded as the "Outdoor Capital of Canada." In this largest city in Northwest Ontario, epic adventures collide with history and urban facilities. As a result, it acts as the ultimate adventure playground. Tbay Travels' primary goal is to assist people in Thunder Bay in discovering new restaurants and attractions that have been reviewed by others.

# Functionalities Requirements

Followings are the main functionalities of the proposed website:

- ❖ Search adventures & restaurants
- ❖ Find activities of different places
- ❖ Profile of the users
- ❖ Giving reviews and rating the destination/restaurant

# Functionalities Requirements: Searching restaurant & adventures

This function will help to search:

- ❖ Restaurants
- ❖ Adventure places

# Future Work

For our future work we will focus on:

- ❖ Booking events

# Conclusions

- ❖ This website will assist people in gaining an understanding of a location prior to exploring it.
- ❖ People will be able to share their thoughts with others
